# Let's Get Together and Cook!

Our oils and vinegars make healthy and flavorful additions to so many recipes – from appetizers and entrees to desserts and even beverages. Vinegars are naturally low in calories and olive oils are high in antioxidants, so they are as good for you as they are for the dishes you create. Because they are imported from select artisan growers around the world, cooking with Fustini's always means cooking with freshness and quality.

## Olive Oils

We emphasize sourcing the freshest extra virgin olive oils, which have the highest level of nutritional value and flavor. These olive oils are then infused with all natural ingredients to create flavorful oils that can be used in a wide variety of applications.

## Balsamic Vinegars

Our balsamic vinegars are sourced from Modena, Italy and infused with natural flavors. We feature balsamics flavored with Michigan grown produce.

## Made in Michigan

Choose from our classic balsamic vinegars infused with the flavors of Michigan. Fustini's is proud to offer a variety of gourmet ingredients from other beloved Michigan companies.

We love Michigan and our products made with ingredients from our great state.
